---

### CHRIST

*Our goal is for students to realize who God is and his/her identity in Christ. This is done through modeling of Christian behavior; studying the life, death, and resurrection of Jesus; building relationships in the classroom based on the teachings and example of Christ; Bible verse memorization; daily prayer and devotions.*

### QUALITY

*Strong academics, technology integration, and unique enrichment opportunities create a rich learning experience for students as they develop independence and leadership skills.*

### COMMUNITY

*Our goal is to model and nurture respect and love within and beyond our classroom by participating with classmates and parents in service projects, field trips, celebrations, and events.*

Christ Greenfield School partners with parents to inspire students to **DISCOVER** their purpose in *Christ*, **DEVELOP** their gifting through a whole-child, high-quality *education*, and to **DEPLOY** their distinct calling to love, lead, and serve others in *community*.

## HIGH SCHOOL PROGRAM SNAPSHOT

---

**FAITH-FORMATION:** Christ Greenfield's High School program is a mission of Christ Greenfield Church. We are a Christian high school within the Lutheran Church-Missouri Synod. Our students have opportunities to discover their purpose, develop their giftings, and deploy their skills into whatever God may call them to do in the future.

**INFORMED INSTRUCTION:** Christ Greenfield's high school students take in-person Theology & Leadership Development courses. Our students receive high-quality instruction in core content areas through our partnerships with Orange Lutheran High School & Mayer Lutheran High School. Through each schools' online program, our students have access to a wide range of courses. Our partner school also hold high accreditations with Cognia, NLSA, WASC, & AdvancED.

**INTENTIONAL COMMUNITY:** Christ Greenfield High School is a close-knit community. As a micro-high school, we are intentionally small in this season of our high school. As a result, there are opportunities to connect more deeply, and cultivate significant friendships. As community is a pillar, there are many events & activities that take place throughout the year to be in community.

### CHRIST

*Our goal is for students to realize who God is and his/her identity in Christ. This is done through modeling of Christian behavior; studying the life, death, and resurrection of Jesus; building relationships in the classroom based on the teachings and example of Christ; Bible verse memorization; daily prayer and devotions.*
