

My Hot Lunchbox began over ten years ago as a way for my own children to receive higher-quality meals at school. My goal wasn't to start a business, just to offer more options to parents and fresh meals that kids not only recognize... **but will eat!**

Word spread quickly about the variety of lunch options, unprecedented customer service, and passion for bringing well-balanced, affordable lunches to students and staff.

## WHAT A FEW OF OUR SCHOOLS AND PARENTS ARE SAYING

“ We have loved how easy this has made our lunchtime. We like that we don't have to handle any money and the students don't have any money on campus. Their system is very easy to use; I have my own children order their own lunches so as a parent I can be hands-off and it's one less thing I have to worry about!

**Lori Tryon, Southern Wake Academy**

My Hot Lunchbox offers a great array of vendors to choose from! It is the quickest, easiest, and most user-friendly way to order lunch (years of experience trying other ordering systems with two kids)! I am so grateful for My Hot Lunchbox! Thank you for making this Mom's life easier!

**Anonymous, 6th Grade Parent**

They have gone out of their way to ensure the highest quality customer service and superior attention to detail. I would indeed highly recommend My Hot Lunchbox!

**Kimberly McBride, Fortune Academy**
